BEFORE THE MICHIGAN PUBLIC SERVICE COMMISSION

* * * * *

In the matter, on the Commission's own motion,	)	
to implement the provisions of Section 408(5) of	)	
2018 PA 51.	)	Case No. U-20146
_____	)	

At the April 18, 2018 meeting of the Michigan Public Service Commission in Lansing,
Michigan.

PRESENT: Hon. Sally A. Talberg, Chairman
Hon. Norman J. Saari, Commissioner
Hon. Rachael A. Eubanks, Commissioner

ORDER

On March 6, 2018, Governor Rick Snyder signed into law 2018 PA 51 (the Act), which amends 1986 PA 32, MCL 484.1101 *et seq.* (the Emergency 9-1-1 Service Enabling Act). Section 408(5) of the Act directs the Commission to commence a proceeding to determine the recurring and nonrecurring cost categories for all Internet Protocol-based (IP-based) 9-1-1 service providers¹ as follows:

(5) Within 60 days of the effective date of the 2018 amendatory act that added this subsection, the commission shall commence a proceeding to determine the recurring and nonrecurring cost categories for all IP-based 9-1-1 service providers. The commission shall allow any interested person to intervene in a proceeding under this subsection.

¹ MCL 484.1102(v) provides “‘IP-based 9-1-1 service provider’ means the provider of a standards-based digital (Internet Protocol) secure redundant managed 9-1-1 transport network used for the routing and delivery of 9-1-1 connectivity with location information from a party requesting emergency services to a PSAP. An IP-based 9-1-1 network can interface with other networks and transport other emergency services applications. An IP-based 9-1-1 network may be constructed from a mix of dedicated and shared facilities or networks, and may be interconnected at local, regional, state, federal, national, and international levels to form an IP-based inter-network or intra-network of 9-1-1 connectivity.”

Within 180 days after a proceeding is commenced under this subsection, the commission shall issue a final order adopting the recurring and nonrecurring cost categories for all IP-based 9-1-1 service providers considered just and reasonable by the commission. For cost studies first submitted by an IP-based 9-1-1 service provider after the commission completes the proceeding under this subsection, the commission shall, within 45 days of receiving an invoice, only approve those costs in the invoice that are both of the following:

- (a) Consistent with the recurring and nonrecurring cost categories for IP-based 9-1-1 service providers approved by the commission under this subsection.
- (b) For contracts entered into after the effective date of the 2018 amendatory act that amended this section, the result of a competitively bid process as confirmed by supporting documentation.

Section 408(4)(b) of the Act allows IP-based 9-1-1 service providers to be reimbursed for costs related to the transport, routing, or delivery of wireless emergency services to Public Safety Answering Points (PSAPs). The Act does not describe the types of costs included in these categories, nor does it specify whether particular costs should be classified as recurring or nonrecurring.

Therefore, the Commission hereby commences the proceeding required by Section 408(5), MCL 484.1408(5), and seeks comment from all interested persons regarding specific types of costs that may be incurred by IP-based 9-1-1 service providers. Specifically, the Commission seeks comments regarding the following list of possible costs for which an IP-based 9-1-1 service provider could seek reimbursement:

- Charges for conversion, network installation/setup, and direct cut-over support incurred by the IP-based 9-1-1 service provider and/or its vendors.
- Costs related to testing the network prior to cut-over and the portion of the network not cut-over during the months of conversion.
- Expenses paid by the IP-based 9-1-1 service provider to vendors for Emergency Services Routing Proxy, Commodity Internet, Loop, Port, Transport, Routers, and Collocation service.
- Charges for Port, Transport, and Router services that the IP-based 9-1-1 service provider supplies from its own network.

- Direct Operating charges for 911 Manager/Support provided by the IP-based 9-1-1 service provider.
- Selective Routing and Automatic Location Identification (ALI) costs.
- 911 Selective Router (Selective Router or Switches or Tandem) costs.
- Circuits and Facilities costs.
- Regional ALI Storage/Processing costs.

With respect to each of these potential cost categories, the Commission is interested in (1) whether those costs should be categorized as transport, routing, or delivery; and (2) which costs should be classified as recurring or nonrecurring. In addition, commenters may indicate concerns with the costs listed above, or suggest additional cost categories that should be included and how those costs should be categorized and classified. After receipt of the comments, the Commission will issue an order providing for the submission of costs for approval and reimbursement.

Comments should be filed no later than 5:00 p.m. on May 18, 2018, and response comments should be filed no later than 5:00 p.m. on June 18, 2018. All comments should reference Case No. U-20146. Comments may be submitted electronically through the MPSC Electronic Docket Filing System located at: mpscedockets@michigan.gov. Requirements and instructions for filing electronic documents can be found on the “Help with Electronic Filings” page at: mpscedockets@michigan.gov. If you require assistance prior to e-filing, please contact Commission staff at 517-284-8090 or by e-mail at: mpscedockets@michigan.gov. Address mailed comments to: Executive Secretary, Michigan Public Service Commission, P.O. Box 30221, Lansing, MI 48909. All information submitted to the Commission in this matter will become publicly available on the Commission’s website, and will be filed in Case No. U-20146.

THEREFORE, IT IS ORDERED that interested persons may file comments in this docket related to proposed cost categories and classifications for Internet Protocol-based 9-1-1 service providers under Section 408(5) of 2018 PA 51. To be considered, comments must be received no later than 5:00 p.m. on May 18, 2018, and reply comments must be received no later than 5:00 p.m. on June 18, 2018.

The Commission reserves jurisdiction and may issue further orders as necessary.

MICHIGAN PUBLIC SERVICE COMMISSION

Sally A. Talberg, Chairman

Norman J. Saari, Commissioner

Rachael A. Eubanks, Commissioner

By its action of April 18, 2018.

Kavita Kale, Executive Secretary

P R O O F O F S E R V I C E

STATE OF MICHIGAN)

Case No. U-20146

County of Ingham)

Lisa Felice being duly sworn, deposes and says that on April 18, 2018 A.D. she electronically notified the attached list of this **Commission Order via e-mail transmission**, to the persons as shown on the attached service list (Listserv Distribution List).

Lisa Felice

Subscribed and sworn to before me
This 18th day of April 2018

Steven J. Cook
